*Networking in the region*

# „Hello Neighbor!“ 2023: epsotech open its doors

*Jülich, May 2023* **In its tenth year, the "Hello Neighbor!" visitor program once again offers exciting insights into companies in the Aachen region.**

With presentations and production tours, companies from various industries present themselves and give guests a look behind the scenes.

The visit program offers an ideal opportunity to get to know each other, exchange experiences and build regional supply chains. Since the start of the series in 2014, 889 specialists and executives have visited the following 41 companies on site in the Aachen region. Reason enough to celebrate the ten successful "Hello Neighbor!" years with a "Meet and Greet". In addition, further companies from the region are looking forward to the guests' visit and open their doors.

epsotech is also part of this program and invites to Jülich on 11.05.23 from 4 pm.
Participation is free of charge, but registration for the respective dates is required.
